South Delhi Real Estate Agent – Website & Ads Plan + Quotation

Client: Independent Real Estate Agent | Market: South Delhi | Property range: ₹20 Lakh – ₹2 Crore | Commission: 2% per sale

1. Business Snapshot

At 2% commission, every sale earns the client between ₹40,000 (₹20L property) and ₹4,00,000 (₹2Cr property). One extra deal per month easily pays for the full website and ads cost, so the goal is simple: get a steady flow of qualified buyer enquiries (calls and WhatsApp) from South Delhi and nearby searches.

2. Website Plan (WordPress, mobile-first)

Page / Feature	Purpose
Home	Trust, featured properties, search by budget/locality, call + WhatsApp buttons
Property Listings	Filter by locality, budget (20L–2Cr), BHK, type (flat / builder floor / plot)
Property Detail Template	Photos, price, location, amenities, enquiry form, 'Book Site Visit' button
Locality Pages (5)	SEO pages e.g. Saket, Lajpat Nagar, Chhatarpur, Mehrauli, Malviya Nagar
About / Contact	Agent profile, experience, RERA/registration details, map, Google reviews
Blog	Buyer guides: budget, loan/EMI, documentation, locality comparisons
Lead Tools	Click-to-WhatsApp, sticky call button, enquiry forms, EMI calculator
Tracking	GA4, Google Tag Manager, Meta Pixel, call/WhatsApp/form conversion tracking

3. Ads Plan

Channel	Targeting & Creative	Budget share
Google Search Ads	High-intent keywords: '2 BHK flat in South Delhi', 'builder floor Chhatarpur', 'property for sale in Saket'. Call + lead-form extensions.	50%
Meta (Facebook/Instagram) Lead Ads	Radius targeting of South Delhi and nearby; property reels, carousel, walkthrough videos; instant forms + WhatsApp.	35%
Retargeting	Website visitors and video viewers shown new listings.	10%
Testing reserve	New creatives / localities.	5%

Workflow: Ad → dedicated landing page / WhatsApp → agent calls within 5 minutes → site visit → deal. Fast follow-up decides results more than ad spend. Weekly optimization: pause weak ads, scale winning localities, track cost per lead.

Compliance: Show only real, available properties; no misleading prices; display RERA/registration details where applicable; follow Google and Meta real-estate ad policies.

4. Expected Funnel (estimate, not a guarantee)

Metric	Assumption
Monthly ad budget (paid by client to platforms)	₹40,000
Cost per lead (South Delhi real estate)	₹400 – ₹800 → about 50–100 leads

Metric	Assumption

Deals closed	Roughly 1 per 1–3 months at start, improving as the website and data build up
